

# Brick Kiln Garden Centre

## *Christmas Tree Care Leaflet*

Give your Christmas Tree some TLC...

- Keep Your tree outdoors until you are ready to decorate it.
- Keep your tree away from direct heat (i.e radiators, open fire)
- Cut 2cm off the bottom of your tree & keep it well watered - it can drink up to a pint of water a day.
- Water pot grown and cut trees daily.
- Don't forget your tree stand!

The Garden Centre will be closed on Christmas Day and Boxing Day.  
Don't forget to stock up on your Winter Fuel...we have fantastic offers  
on logs, coal, kindling and firelighters.

***We would like to take this opportunity to wish you  
a very Merry Christmas & a Happy New Year!***

Our Nordman Fir Christmas Trees come with a non-drop guarantee. Please be aware this is only valid if the tree has been cared for as per the above instructions. If for any reason your Nordman Fir Christmas Tree does significantly drop its needles, for a credit note or an exchange we will require the tree to be returned, the original purchase receipt & the grower's label off the tree (the label with the barcode on it). PLEASE RETAIN THESE AFTER PURCHASING. Only then will a replacement be given. This is only valid up to & including the 21/12/25. We regret we are unable to refund any of the Nordman Fir Christmas Trees. **Unfortunately, due to the nature of the tree, we will be unable to guarantee the Norway Spruce Christmas Trees & they are fully non-returnable.** Thank you.
